
Professional Summary

Aspiring Full Stack Developer with hands-on experience in building **MERN stack** applications, **RESTful APIs**, and **responsive UIs**. Proficient in **C++**, **JavaScript**, **database management**, and **problem-solving**. Passionate about solving complex problems and contributing to innovative projects.

Technical Skills

- **Programming Languages:** C, C++, JavaScript, Python, Java(Core)
 - **Backend Technologies:** Node.js, Express.js, RESTful APIs
 - **Frontend Technologies:** HTML, CSS, React.js, Tailwind CSS
 - **Databases:** SQL, MongoDB, Redis (willingness to learn)
 - **Tools:** Git, GitHub, Postman
 - **Other Skills:** Software Development Lifecycle, Agile Development, Code Reviews, Problem-Solving
-

Behavioral Skills

Leadership & Team Collaboration, Problem Solving, Effective Communication, Adaptability, Time Management

Projects

❖ TechTrends Learning (EdTech Platform)

Developed a MERN stack platform enabling users to create, consume, and rate educational content.

- Built **responsive UI**, implemented **RESTful APIs**, and integrated **secure user authentication**.
- Managed deployment & testing, and ensured platform **security** and **performance**.
- **Tech Stack:** React.js, Node.js, Express.js, MongoDB, Tailwind CSS, JWT, Postman, Git, Vercel.
- [GitHub Link](#) | [Live Link](#)

❖ Library Management System

Developed a **full-stack** Library Management for efficient **book**, **membership** and **transaction** handling.

- Automated book issuance and return processes, reducing manual effort by **40%**.
- Implemented **role-based access** control and a **responsive UI** for an enhanced **user experience**.
- **Tech Stack:** React, Tailwind CSS, Node.js, Express.js, MongoDB, JWT, Postman, Git, Vercel.
- [GitHub Link](#) | [Live Link](#)

❖ Portfolio Website

Created a responsive and minimalist portfolio to showcase projects, skills, and experience.

- Built with HTML, CSS, and JavaScript, optimized for **desktop** and **mobile**.
 - Integrated sections for project descriptions, live demos, and a contact form.
 - **Tech Stack:** HTML, CSS, JavaScript

-

Education

- **B.Tech in Computer Science** | Mahakal Institute of Technology, Ujjain

CGPA: **7.25** | (Oct 2021 - Jun 2025)

Coursework

Data Structures & Algorithms | Database Management System | Operating Systems | OOP

- **XII (PCM)** | Vinay Adarsh Higher Secondary School, Ujjain
Percentage: **88.8%** | 2021
 - **X (MP Board)** | Vimala Convent High School Navada, Unhel
Percentage: **89.2%** | 2019
-

Achievements

- Solved **250+** coding challenges on **LeetCode** and **GeeksForGeeks**, strengthening **problem-solving** skills.
 - Earned a **50-day streak badge** on **LeetCode**, showcasing **consistency** and dedication to coding.
-

Hobbies

Sketch Art - Passionate about creating detailed illustrations, enhancing creativity & attention to detail.
